Figma
Blender

EDUCATION

University of California, San Diego

B.S. Cognitive Science, Human-Computer Interaction
Minors in Design and Communications
Sep 2016 - June 2020

EXPERIENCE

UC San Diego Prototyping Course - Instructional Assistant

Assisted in the introduction of methods and tools for prototyping user experiences. Led weekly discussion sections and met regularly with instructors to help prepare course materials for over 200 students.
April 2020 - June 2020

DataStax - Graphic Design Intern

Created digital assets for internal training purposes. Visualized complex structures and translated concepts into 2D/3D graphics as well as animation sequences.
June 2019 - June 2020

Design Co - Director of Community, Growth, and Strategy

Planned large-scale events, organized meetings, and executed new initiatives as an executive board member. Upheld an inclusive community of designers of all backgrounds, disciplines, & skill levels.
September 2018 - June 2020

UC San Diego Design Lab - UX Researcher

Worked alongside student and faculty researchers to support design decisions specifically for autonomous vehicles. Presented findings to Hyundai.
November 2018 - June 2019

Beyond One - 3D Modeler

Used Blender to create 3D models for various augmented reality (AR) mobile experiences as well as created textures and marketing materials.
July 2017 - August 2018

HONORS & AWARDS

Walt Disney Imagineering 2020 Imaginations Semifinalist

Created a proposal for an iconic installation that serves as an inspiration, honors the past, and is a vision of the future.
Awarded December 2019

ITA Scholar Athlete

Based on academic performance while earning a varsity letter on the UCSD Women's Tennis Team.
Awarded September 2018
